SOLAR WATER HEATER

Brand: **SOLAR SERVE**
 Saves Energy – Eco-friendly

The Solar Water Heater is a high quality product using advanced German technology. It provides efficient heating even on cloudy days. It uses glass vacuum tubes with high efficient solar absorber elements. The glass tubes are very durable and last for years. The tank contains an inner tank, which is well insulated and made of stainless steel SUS304 (also used for medical instruments) The collector has a high efficiency absorption of solar radiation and is more efficient than other water heaters. Heat preservation: 72hrs

Price of Solar Water Heater (Updated 8th February 2017)

Capacity	Size Tube	Nr.Tubes	Size tank	Size installation	Price product
160 lt	58x1,8m	16	460x1,32m	1,8x1,32x1,4	9,950,000 VND
